## *Dawnette's HOLLOPETER Single-Surname Project*

---

My research on my own Hollopeter lines has developed a life of its own! As a result, I have embarked upon a single-surname study on HOLLOPETER in the U.S. My database, consisting of over 2,100 HOLLOPETERs plus related individuals (for a total of nearly 6,000 individuals at present) is being compiled through consultation of a variety of sources--Ridenour and Burris' *The Hollopeter Family Record* (1957), Jan Herbert's *The Hollopeter Brothers and Their Edmonds Wives of Fostoria Ohio* (see below), the SSDI, vital records, county histories, cemetery records, obituaries, census records, newspaper articles, information from other researchers and living Hollopeters, etc.--and I am adding more information daily.

In using Ridenour and Burris' *The Hollopeter Family Record* (1957), I am attempting to correct and update this definitive work on the descendants of Matthias Hollopeter (1728-1799). While a starting point for anyone with Hollopeter ancestry, this 56-page booklet does contain a number of errors. *THFR* is also notably silent regarding many Hollopeter lines--and there have been quite a few Hollopeter births, deaths, and marriages since 1957! One of the biggest problems with *THFR* is its lack of an index, which makes look-ups a nightmare. I have indexed *THFR*, thereby making this valuable Hollopeter resource much more accessible; it is now much easier to search for individuals, cross-check information, and put researchers in contact with each other. If you have found errors or missing information in *THFR*, please e-mail me. I have included the following possible spelling variants in my Hollopeter "dump file," as well: HOLLIPETER, HOLLOPETER, HALLOPETER, HOLLOPETRE, HULLOPETER, HOLOPETER, HOLLOPATER, HOLLOWPETER, HALLOWPETER, etc.

This project is a tool for other HOLLOPETER researchers. If you have information you would like to add, or if you would like a look-up in my Hollopeter "dump file," please e-mail me: [rbngdfello@aol.com](mailto:rbngdfello@aol.com). I would be delighted to hear from you and am happy to share whatever I might have regarding your Hollopeter lines.

# Hello Cousin!

June 23, 1996.

Thanks for visiting the Hollopeter Genealogy pages. A little background on why these pages exist.

I started researching my family history as a hobby many years ago. I was then in my twenties, and had no children. After finding out how hard it was then to do research (before the Internet and Web were popular), the hobby slowly took a back seat to other interests, such as computers.

A few years ago, after my children were born, I picked up the genealogy hobby again as a way to leave them information about their family history. The bad news was that I had missed the opportunity to get information from several relatives who had passed away. The good news was that the Internet and the World Wide Web became popular, and are excellent resources for genealogy research.

It was while using America Online that I found out about the wonderful book, *The Hollopeter Family Record*", by Eva Hollopeter Ridenouer and Wanda Hollopeter Burris, published in 1958. I was able to get a photocopy of it from a friendly genealogy researcher (is there any other kind of genealogy researcher?) in Ohio. I was able to scan these pages into my computer, and put them on this web site. All of the persons in this book are now (in 1996) at least 38.

Unfortunately, my branch of the Hollopeter family was not included in this book, which I refer to as THFR. I am continuing to do research, and am trying to find if my oldest known ancestor, William Hollopeter (born between 1810 and 1840), is one of the several William Hollopeters of that time period listed in THFR with comments like: "no further information is available".

During my research, I have found there are several other Hollopeter families who are also trying to link their "branches" to the large THFR tree. I hope these pages can be both a resource and clearinghouse for information to help these researchers.

I have received many e-mail messages from those of you who have visited these pages, and I am delighted to share your information here on these pages. I would also like to start listing e-mail addresses of other researchers of the Hollopeter lineage, (and post office addresses and phone numbers, if you wish), but I will not put personal information about living persons on the Internet without permission, and if you would like any information about yourself removed, just let me know.

That's all for now, I'm looking forward to hearing from you.

Bob Hollopeter

1. The first part of the document discusses the importance of maintaining accurate records.

2. It then goes on to describe the various methods used to collect and analyze data.

3. The next section details the results of the experiments and the conclusions drawn from them.

4. Finally, the document discusses the implications of the findings and suggests areas for further research.

5. The following table provides a summary of the key data points from the study.

6. The data shows a clear trend of increasing values over time.

7. This trend is consistent across all of the different experimental conditions.

8. The results suggest that the proposed method is effective in improving the accuracy of the measurements.

9. The study also highlights the need for further research in this area.

10. The authors thank the funding agency for their support.

1. The first part of the experiment is to determine the acceleration due to gravity,  $g$ .

This is done by measuring the time taken for a ball to fall a certain distance. The distance is measured using a ruler, and the time is measured using a stopwatch.

The time is measured for several different distances, and the results are plotted on a graph of time squared versus distance. The slope of the graph is used to determine the value of  $g$ .

2. The second part of the experiment is to determine the value of the universal gas constant,  $R$ .

This is done by measuring the pressure, volume, and temperature of a gas.

The pressure is measured using a manometer, the volume is measured using a gas syringe, and the temperature is measured using a thermometer.

The results are plotted on a graph of pressure versus volume, and the slope of the graph is used to determine the value of  $R$ .

3. The third part of the experiment is to determine the value of the Boltzmann constant,  $k_B$ .

This is done by measuring the average kinetic energy of the molecules of a gas. The kinetic energy is measured using a laser interferometer, and the results are plotted on a graph of kinetic energy versus temperature.

The slope of the graph is used to determine the value of  $k_B$ .

4. The fourth part of the experiment is to determine the value of the Planck constant,  $h$ .

This is done by measuring the energy of a photon of light. The energy is measured using a photodiode, and the results are plotted on a graph of energy versus frequency.

The slope of the graph is used to determine the value of  $h$ .

5. The fifth part of the experiment is to determine the value of the fine structure constant,  $\alpha$ .

This is done by measuring the ratio of the magnetic moment of a particle to its spin.

# Appendix 1

The following table provides a summary of the data collected during the field study. The data was collected over a period of six months, from January to June 2023. The study was conducted in a rural area of the United Kingdom, where the population is predominantly of white ethnicity. The data was collected from a sample of 100 households, which were selected using a random sampling method. The data was collected using a series of questionnaires, which were distributed to the households by a research assistant. The questionnaires were designed to collect information on a range of factors, including household characteristics, health status, and access to services. The data was then analysed using statistical software, and the results are presented in the table below.

Variable	Mean	Standard Deviation	Minimum	Maximum
Household size	2.5	1.2	1	5
Age of head of household	55	15	25	85
Health status	2.5	1.0	1	4
Access to services	2.5	1.0	1	4

## Burials in Allen County, Indiana

X means I have photos of the Gravestones

Below is a list of Hollopeters buried in Allen Co., Indiana. Check back periodically; I will add to the list as more information becomes available.

[Allen County Genealogical Society of Indiana](#) has generously allowed me to include Hollopeter burial information from their seven Allen County cemetery inscriptions books. Where applicable, a link has been included to the ACGSI publications order form. I have added maiden names and relationship information wherever possible. However, in many cases, the ACGSI books contain more information than I have listed here (e.g., exact dates, inscription information, etc.).

PLEASE NOTE: I have found these books tremendously helpful in my own research, but I receive no financial benefit whatsoever from the sale of the ACGSI publications.

1:21 And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good.

1:24 And God said, "Let the earth bring forth the living creature after his kind, cattle, and the creeping thing, and the beast of the earth after his kind," and it was so.

1:26 And God said, "Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

2:18 And the Lord God said, "It is not good that the man should be alone; I will make a help meet for him."

2:22 And the rib, which the Lord God had taken from man, made he a woman, and brought her unto the man.

4:1 And Adam knew his wife; and she conceived, and bare Cain, and said, "I have gotten a man from the Lord."

Ronald Eugene Hollopeter was born July 23, 1909 in DeKalb County, Indiana. Dr. Klinger charged eleven dollars to help bring him into this world. At the age of two months he traveled by train from Indiana to California with his parents and sister Agnes. His grade schooling was in one-room country schoolhouses. In 1927 he graduated from Arcola High School in a class of ten that included just two boys. This final term of high school he drove a two-horse school bus. In 1931 he purchased a 1924 International one-ton truck and had a small trucking business. In 1937 he was hired by Mr. Rook, who was the store owner at Lake Everett, to pull a Shultz house trailer to Texas where they spent the winter. They had a 1929 DeSoto four door sedan with a new set of tires. Mr. Rook paid all the expenses and gave Ronald ten dollars a month. He started farming his father's farm in 1948 when there was livestock and field crops. This continued until the farm was sold in 1971 with an auction of the equipment and furnishings on April 10. The following year in July he took a week to vacation in the New York Adirondacks. In 1980 a friend, Charles Brendel, got him "hooked" on fishing in Canada and they have made numerous trips to Peter Long Lake, Timmons, Ontario. In 1990 Charley said he had one more trip left in him. They left on August 15 and got home September 1, 1990 and had a nice trip. Ronald has spent many hours doing volunteer work for A.C.R.E.S. (Allen County Reserve ? ?) and really enjoys outdoor life. For his eightieth birthday his brothers and sisters had a surprise party and there were eighty friends and relatives present to help him celebrate. Ronald has a home near Albion, Indiana and a gravestone in Eel River Cemetery.

### **Hollopeter Tidbits Update, June 1993**

Ronald has a restaurant close to his home and takes advantage of the good food. He will admit he was never a good cook as his dad always tried to find excuses to head for town toward the noon hour when the two were "batching it". In his older years Ronald has "graduated" to a riding lawnmower. His welcome mat is always there for any visitors.

### **Hollopeter Tidbits Update, June 1999**

A.C.R.E.S. stood for Allen County Reserve... (the last part's meaning has been forgotten or lost - Ecological Society?). It started in 1960 for volunteers to take care of woods and nature spots of donated property. Ronald joined in 1977 and is still a member. Now it is called "Acres Land Trust" and has bought several properties and has at least a secretary on salary, maybe more. It is not the same A.C.R.E.S. that he joined in 1960.

Ronald's restaurant, "Chain O'Lakes Drive Inn Hilltop" went out of business in 1996. Now it is "Half Acre Café", opened in March 1999. The road has grown longer and is too far to walk now, though he used to walk before. Of Ronald's gang of four "old guys" who went out for Sunday dinner, three are gone starting with the youngest; he is the oldest.

Ten years ago Ronald paid up his funeral trust, and the next year that undertaker retired. The trust and funeral home are still in business, though. Ronald got a new driver's license, good for three years; barely, he says, since his eyesight is getting bad. He is getting a new garage built, as last time he traded cars, the old garage was not big enough for the lawn tractor and the Buick together.

There were numerous jobs and places - a cattle ranch, picking and packing oranges (AKSARBEN BRAND, that is Nebraska spelled backward), picking grapes, lemons, grapefruit, shaking prunes off the trees and Shavers sawmill in the mountains where Sylvia cooked for the gang. Bert had malaria and they had went to the mountains for his health, but Ronald could not tolerate the altitude. They lived near Fresno and Mrs. Anna Grable served as midwife for the births of Earl and Eleanor. They became very good friends and kept in touch for many years.

Returning to Indiana in 1915 they settled on the Fitch place and Bert worked as a laborer for Mr. Whitt. The following year they moved to Katie Ann's farm and he was allowed 3/5 of the share. When World War I ended they were working in the cornfield and could hear all the bells ringing. In 1921 they were on the Mumma place in Cedar Creek Township and it was a big, old, scary house. On to the Henry place in Perry Township in 1923 where it was cash rent. The "permanent" farm at Lake Everett was purchased in 1926 for \$15,000. The Depression in the 1930's was bad for everyone, but being on the farm there was food available by the sweat of the brow and they managed quite well, possibly better than the city people.

With the death of Sylvia and the last child graduating in 1943, Bert took his sister, Mary, to Florida in 1946. The following year he bought a "started" house and with the help of an old neighbor, Dave McCoy and son Everett, they finished it. Everett met his future wife at that time. Bert continued spending his winters there and had very nice neighbors, especially Mr. Brown and Mr. Benson.

It was quite an accomplishment to have all nine kids graduate from high school and Earl and Everett went on to Coyne Electrical at Chicago. Everett built a little "bachelor house" in the woods by the lake, but Emma changed his plans. Agnes was going with Harold when she was a freshman, so it seemed he came with the family! There were big Sunday dinners and when a different automobile was purchased the fellows had to check it out. The lake was a fun place where we learned to swim. Always work for the boys as the muck grew onions, potatoes, and later large pumpkins. There were cows to milk, hogs to slop, chickens to feed, eggs to gather, butchering day and the water pumped by hand, smoked hams hanging, jars of canned beef in rich broth, and crocks of bacon preserved in lard. Always plenty of fried chicken, hot biscuits and bread, fresh butter from the churn and milk. An apple orchard, all kinds of fruit, a large garden, that all made for a cellar full of canned fruits and vegetables and crocks of sauerkraut. The summer kitchen was full of wood for the cook stove and a heating stove in the dining room. We graduated from a wash tub beside the kitchen stove to a bathtub in a private room. The path out back did not improve until many years later. A mighty cold trip in the winter, watch for snakes in the summer, but a well-worn walk. Monday was wash day and the clotheslines would be full bright and early. There were countless hours of ironing, patching, and mending. The porch swing was much used for the hand work of sewing, shelling peas, snapping beans and numerous other tasks. The big house was drafty and the blankets piled high on the beds, the kitchen floor slanted to the east under the large table. The huge barn and big barn lot was a fun place when there was time to play.

There were five boys to carry on the Hollopeter name: Ronald, Earl, Everett, Frank, and

The next five were: Wayne, John, Clarke, Mark and Kent.

There is much more information available about the Hollopeters descended from Matthias (born in 1728). The following websites are very useful sources for such information.

1. The first part of the paper is devoted to the study of the properties of the function  $f(x)$  defined by the equation

$$f(x) = \int_0^x f(t) dt$$

It is shown that the function  $f(x)$  is continuous and differentiable on the interval  $[0, 1]$ . The derivative of the function is found to be  $f'(x) = f(x)$ . It is also shown that the function  $f(x)$  satisfies the initial condition  $f(0) = 0$ . The function  $f(x)$  is then shown to be the unique solution of the differential equation  $f'(x) = f(x)$  with the initial condition  $f(0) = 0$ .

2. The second part of the paper is devoted to the study of the properties of the function  $f(x)$  defined by the equation

It is shown that the function  $f(x)$  is continuous and differentiable on the interval  $[0, 1]$ . The derivative of the function is found to be  $f'(x) = f(x)$ . It is also shown that the function  $f(x)$  satisfies the initial condition  $f(0) = 0$ . The function  $f(x)$  is then shown to be the unique solution of the differential equation  $f'(x) = f(x)$  with the initial condition  $f(0) = 0$ .

3. The third part of the paper is devoted to the study of the properties of the function  $f(x)$  defined by the equation

$$f(x) = \int_0^x f(t) dt$$

It is shown that the function  $f(x)$  is continuous and differentiable on the interval  $[0, 1]$ . The derivative of the function is found to be  $f'(x) = f(x)$ . His gravestone has been moved to the cemetery at the Quaker Meeting House in Wellsville, York Co. He and his wife's graves are on a small family cemetery in Warrington Twp. This cemetery was discovered in the early 1950's. In March, 2004, James Stuchell found the original farm that Matthias had cleared on Dead Run. It still is a farm. In 1770 he purchased two adjacent farms about 6 miles away. James found here the original log farm home that has been restored and is still lived in today, a photo of which

### Hollopeter Farm Land Map

From James Stuchell;

I have platted the "plantation" on a photo and then to a USGS map with the 1770 farm. It's interesting how after 235 years one can identify

the original land grant on a photo. The 1876 map of the Twp. showing locations and names of farmers, shows three homes on the plantation, two

of which must of been Hollopeters. They are still there on the photo so I must check them out on the ground and get some photos. Previously I had asked the question about Frederick's wife Rachel Edmundson. Strange, between the two Hollopeter farms are farms of Caleb Edmundson and another of John Edmundson. Nothing like getting a wife from next door.

This report was prepared by the Pennsylvania Historical and Museum Commission. It is on the Henry Clark House which is the home Matthias purchased in 1770. These were researched and provided to us by James Stuchell. One of four.

PENNSYLVANIA HISTORICAL RESOURCE SURVEY FORM -- NARRATIVE SHEET  
 Pennsylvania Historical and Museum Commission, Bureau for Historic Preservation

89C

Survey Code: \_\_\_\_\_ Tax Parcel/Other No.: 49 ME 166  
 County: Allegheny Municipality: Warrington Township  
 Address: 120 Hockingbird Road, Mellaville, PA 17365  
 Historical Name: Clark House

PHYSICAL DESCRIPTION:

The Clark House is situated on a seventy acre lot in Warrington Township. The house was built by Henry Clark c. 1751, upon lands that were granted to him by the Penns. A rebellious Quaker, he owned a saw mill in the nearby area. The important historic aspects of the house still remain. The majority of work that has been done to the house has been to its exterior, in the form of a porch, patio and a small addition.

The two and a half story log house sits on a fieldstone foundation. Originally three bays wide and two bays deep, the house was built in the half-Georgian style. The addition of a fourth bay on the east elevation of the house gives it a vernacular appearance. This addition, believed to have been added shortly after the original construction, brought about the existence of a center hall and three additional rooms.

The house contains 5/6 windows throughout. It is constructed with hand hewn logs and stone chinking. It contains beaded board trim in the door surround and a simple cornice. The doors were copied from the originals and the facade features a pent roof.

The roof is covered with hand split shingles. The gable ends of the house consist of pent eaves and beaded board siding. A brick chimney is located on the exterior of the west elevation of the house. It is shouldered at the first floor and contains corbeling below the cap.

Located behind the main portion of the house is a one-story stone ell. It is believed to have been built at the same time the house was constructed or shortly thereafter. It contains a walk-in fireplace and unusual 3/6 windows which are original.

Continuing along the entire length of the facade is a stone/concrete porch, which replaced an earlier porch. Located to the rear of the main portion of the house on both sides of the stone ell are patios. To the east of the ell is a brick patio and a raised concrete porch lined in stone. A one-story brick addition was added to the east elevation by the current owner. Set back from the south elevation, the addition does not distract from the historic significance of the house.

The interior of the house is based on the Georgian plan, with a center hall and all rooms are accessible from it. The floors contain wide plank floors of oak and chestnut. Located in the southwest corner of the house is the front parlor. To the east of the center hall, is located the earliest addition, which contains one room on the first floor and two on the second. The entrance to the enclosed stairway, which was modified with the addition of the fourth bay, is located in this room. When originally constructed, the stairway was open and located in the hallway along the east elevation. The second floor of the house is divided into four bedrooms, each located off a central area.

There exists on the property several outbuildings. All of these are new except for the frame barn which was built in 1890. This replaced an earlier barn which was constructed of log.

### Warrington Burial Ground, Warrington Township, York, PA, USA

**Notes:** From James, the sign reads, "Site of Friend's meeting house since 1745. Present building erected 1769, enlarged 1782. Preserved in its early state and used for regular meetings" Behind the meeting house are the location of the gravestones moved from the Hollopeter Homestead. See the meeting house under Matthias Hollopeter, Sr. information.

Information on the burial ground from Interment.net and submitted by R. L. Cooke:  
Warrington Friends Meeting House near Wellsville, York County, Pennsylvania

Inscriptions Copied by Albert Cook Myers in 1895. Published by ACM in 1950.

\* Warrington Meeting, in Warrington Township, about nine miles south-west of Newberry and midway between the present villages of Wellsville and Rossville, was regularly established in 1745, and a log meeting-house erected the same year on a tract of 29 acres and 156 perches... A warrant, dated July 5, 1745, was issued for the land to be held in trust for the Society of Friends, but owing to an irregularity, the land was later, by proclamation, declared vacant and afterward granted by patent,

dated 1 Mo. 22, 1767, from John Penn, Lieutenant-Governor, to William Garretson, William Underwood, William Penrose and Peter Cleaver, in trust for the Society, the consideration being L9, 12s, 9d. In 1769, a new stone meeting-house was built near the old one. In 1782, it was found necessary to enlarge the building to almost double its original size in order to accommodate the Quarterly Meeting, and a stone addition was made to the north end. With the exception of a slate roof and other repairs effected in the latter 80's the old structure remains substantially as it was in 1782, and is still surrounded by a strip of the primitive forest.

**\*\*** Located on the Carlisle road between Wellsville and Rossville, the stone building bearing the date 1769 has been called the finest example of early Quaker meeting house architecture in the country. Much of its interest lies in the preservation of the interior. The beams are hand-hewn; the walls plastered and white washed. The wide-board wainscoting is secured with hand-wrought nails. There are two fireplaces and two huge chimneys. The floor is of wide irregular boards. The hand-pegged benches, some with backs, some without, have been worn smooth as sat in by generations of worshipers. The windows are small-paned, deeply set in the thick walls and covered by shutters. Doors less than six feet in height equipped with spoon latches and great wooden bars, are unlocked with a large hand-wrought key.

The Warrington Preparative Meeting was organized September 2, 1747. The first members were John Earl, Alexander Underwood, Thomas Cox, Joseph Garretson, William Garretson, Christopher Hussey, James Frazier, Hall Cox, Samuel and William Underwood, Thomas Wickersham, Thomas and Peter Cook. Benjamin Walker's son John, succeeded him as grave digger of Warrington. A transcript of his account kept at the Historical Society of York County shows such entries as: "To digging a grave for William Morthland -- got killed, \$1.50." "Joseph Walker's child, \$.50" "Digging a square grave for Doctor Cook's 'mother-in-law", amounted to 2 and perhaps gives an idea of the good lady's figure.

Warrington Meeting, due to a lack of members because of the western emigration, was laid down on the 11th mo. 25, 1861. On the 8th mo. 24, 1947 Warrington meeting was reopened and continues today.

Status: . James Sutchell writes, "The stones in front are Mathias on the right and I think Frederich and Catharina Rusz. on the left and center."

He and wife are buried on a farm in Warrington Twp. York County, Pa. known as the Bentz Burying grounds. His gravestone has been moved to the cemetery at the Quaker Meeting House in Wellsville, York Co. He and his wife's graves are on a small family cemetery in Warrington Twp. This cemetery was discovered in the early 1950's. In March, 2004, James Stuchell found the original farm that Matthias had cleared on Dead Run. It still is a farm. In 1770 he purchased two adjacent farms about 6 miles away. James found here the original log farm home that has been restored and is still lived in today, a photo of which is included in this ancestral file. Family ledgen had it that he came to this country in 1752 to evade war in Holland. Most immigrants who came from Holland were Germans who had to walk to Holland to get a boat, but they were not from Holland,

Dear Agnes.

Aug. 7, 1963

We won't be able to come to the Reunion in Sept. We were out to Indiana in May to see Barry graduate from U.S. Then last week we visited friends in Glens Falls N.Y. & spent some time at Saratoga, Lake George & Ft. Ticonderoga also the Seaway & Eisenhower Locks at Massena. We were shopping along at Antique Shops in the Adirondacks, when we turned on our transistor radio and heard that South of Buffalo they had the worst storm & flooding in 30 years. We came right home & found the Village of Hamburg had missed it all. We loved Ticonderoga as the Museum there had so many things of the Rev. War era & even paint to the War. Things made by Paul Revere etc. Those things interest us & we feel quite patriotic knowing we Hallopeters' history date to that era.

I have some news you might want to pass on at the Reunion. Mrs. Ruff who is a member of the York Hist. Society & the D.A.R. wrote to me and she said she had read over excellent Hist at the York Society Home and wanted to tell me that Matthias was administrator of her Forebear Shoup's will and <sup>Matthias</sup> ~~he~~ signed the will in Greenaw. Shoup's daughter married Wm. Howe and on the diagonal land grant map he was a neighbor of Matthias as his land is just above that of Matthias.

Mrs. Rupp sent me her History called "The House of Howe" and in it is a copy of the will and it also said that Wm. Howe's son Edward married Catharina Hallopeter. I have it in the book that Catharina never have died in adolescence as she is the only child not mentioned in the will of Mathias. Mrs. Rupp says she lived to maturity & had a large family & had moved to Ohio but she did die before Mathias made his will. I had decided the only signature extant was the one where Mathias signed on the will so when I learned the above I wrote to the York Court House & asked for a photo stat of this signature. They wrote that the Shoop will was not recorded at York but they had the Mathias Hallopeter will. That was no news to me as I have a copy of it so I wrote Mrs. Rupp to give me its location & I'll get it. You can be sure Cousin Eva says she tells Mathias never dreamed he'd produce any one as noisy as I am the way I ferret out his business Ha! I hope that trait only pertains to our genealogy.

I'm still working on our name. I have some evidence that we were English before we were German. Note that the Land Grant was for Hallopeter & Mathias put a

Capital letter on Peter. R. W. Davidson says  
The Germans did. Still give their 1st name  
last and the 3d's list of German immigrants  
give ~~a~~ Mathias Haller that came into  
Philadelphia in 1750. It would help if  
Mathias had signed an allegiance ~~but he~~  
like the Palatines did (Pa. Dutch) but Mathias  
had money when he came were sure of  
that, also he could write.

Davidson insists the above was our  
Peter Mathias Haller and the British  
messed up the name. Haller is not a  
German name but an English one.  
It doesn't make a lot of difference as  
the family had to accept Hallopeter to  
get their inheritance so that is the way  
it was recorded in the Courts.

I'm sending the card from the Pa. Reunion  
we didn't go to it either. Like ours out  
in Ind. It has out grown its self. It  
isn't so interesting not to know the people.  
I don't blame you one bit for wanting to  
give it up. It's a lot of bother when so  
many of us don't attend. I hate to see it  
pass into nothing, because we need to live  
for these Reunions! We're all getting to the  
age when we want just for our thrill. I'm  
not to where I must pass up side issues,  
in order to do the "onusto."

You seem to abound in energy again. I  
feel so worn out when I think of the pace  
I use to travel. I was invited to come to  
Herman Mo. to their well known German  
Festival they have their sack up. as they  
wanted to dedicate a day to Dr. Wood and  
me. About 30 yrs. ago Dr. & I quelled a serious  
epidemic of spinal meningitis <sup>there</sup> and the  
people in Mo. still remember those days  
when we risked our lives to save those  
we could. It was a high point of my life  
but I couldn't go and stand the confusion  
of all that acclaim.

Have a good time at the Reunion

Love

Wanda

I still have books if any one wants ones.  
I have over a \$100 invested in them that  
I'd like to clear. Since they registered me  
in the Genealogy library at Salt Lake, Utah  
I get an order now and then from the  
members that have become members.

## A LETTER ABOUT MATHIAS HOLLOPETER

August 7, 1963

Dear Agnes,

We won't be able to come to the Reunion in September. We were out to Indiana in May to see Barry graduate from H.S. then last week we visited friends in Glenn Falls, New York and spent some time at Saratoga, Lake George, and Ft. Ticonderoga. Also the Seaway and Eisenhower Locks at Massena. We were shopping along at Antique shops in the Adirondacks when we turned on our transistor radio and heard that South of Buffalo they had the worst storm & flooding in 30 years. We came right home & found the village of Hamburg had missed it all. We loved Ticonderoga as the Museum there had so many things of the Rev. War era and even prior to the war. Things made by Paul Revere etc. Those things interest us and we feel quite patriotic knowing we Hollopeter's history date to that era.

I have some news you might want to pass on at the Reunion. Mrs. Rupp who is a member of the York Historical Society of the D.A.R. wrote to me and she said she had read our excellent History at the York Society Home and wanted to tell me that MATHIAS was administrator of her forebear Shoup's will and he, MATHIAS, signed the will in German. Shoup's daughter married William Howe and on the Original land grant map he was a neighbor of MATHIAS as his land is just above that of MATHIAS.

Mrs. Rupp sent me her History called "The House of Howe" and in it is a copy of the will and it also said that William Howe's son Edward married CATHERINE HOLLOPETER. I have it in the book that Catherine must have died in adolescence as she is the only child not mentioned in the will of Mathias. Mrs. Rupp says she lived to maturity and had a large family and had moved to Ohio but she did die before MATHIAS made his will.

I had decided the only signature ext\_\_\_\_\_ was the one where MATHIAS signed on the will so when I learned the above I wrote to the York Court House and asked for a photostat of this signature. They wrote that the Shoup will was not recorded at York, but they had the MATHIAS HOLLOPETER will. That was no news to me as I have a copy of it. So I wrote Mrs. Rupp to give me its location and I'll get it you can be sure! Cousin Eva says she bets MATHIAS never dreamed he'd produce anyone as nosy as I am, the way I ferret out his business. Ha! I hope that trait only pertains to our genealogy!

I'm still working on our name. I have some evidence that we were English before we were German. Note that the Land grant was for HOLLERPETER and MATHIAS put a capital letter on Peter. R. W. Davidson says the Germans did and still give their 1<sup>st</sup> name last and the ships list of German immigrants give a MATHIAS HOLLER that came into Philadelphia in 1750. It would help if MATHIAS had signed an allegiance like the Palatines did (PA Dutch) but MATHIAS had money when he came. We're sure of that, also he could write.

Davidson insists that the above was our PETER MATHIAS HOLLER and the British messed up the name. HOLLER is not a German name but an English one. It doesn't make a lot of difference as the family had to accept HOLLOPETER to get their inheritance as that is the way it was recorded in the county.

I'm sending the card from the PA Reunion. We didn't go either. Like ours and in Indiana, it has outgrown itself. It isn't so interesting not to know the people. I don't blame you one bit for wanting to give it up. It's a bit of a bother when so many of us don't attend. I hate to see it pass into nothing, because we used to live for those Reunions! We're all getting to the age when we would just quit for our tail (?). I've got to where I must pass up side issues, in order to do the "musts".

You seem to abound in energy Agnes. I feel so worn out when I think of the pace I use to travel. I was invited to come to Herman, Mo, to their well known German Festival they have there each year

as they wanted to dedicate a day to Dr. Wood and me. About 30 years ago Dr. and I quelled a serious epidemic of spinal meningitis there and the people in Mo. Still remember those days when we risked our lives to save those we could. It was a high point of my life, but I couldn't go and stand the confusion of all that acclaim.

Andrew Hollopeter was in charge of the circuit to which it was attached, and officiated as pastor, holding meetings once a month.*

*Leo Cemetery inscriptions give his death, read as April 8, 1873.*

Will add the story of sickness and death in the Hollopeter family around 1873 as it appears by the dates of death of members of the family. Buried with Wesley and Rosanna are Cary E., born 1872 and died in 1873. It would appear that some kind of disaster struck the area and at least the Hollopeter family in the yer 1873. Rosanna died in June of 1872 and that may have been just a case of "old age". But in the early part of 1873 things went awry for the family.

The family of Mathias Hollopeter, who was a nephew of Wesley lost 2 children, Ardella at 14, and Homer at 6 years within 2 days of one another. His wife Susan had died in late January of the same year. She was only 37. So in 3 weeks his family had lost 3 members. Then also a son of John and Mary died at 7 years of age and Lydia, wife of Abraham, probably the oldest of the Hollopeter settlers, died at the end of March. Then on April 8, Wesley, himself died at the age of 66 years. The 24th, his son Enoch, died at 32 years and then Cary, his daughter, dies at the age of 1 year.

We find Wesley listed on the 1830 (?) census of Seneca County, Jackson Twp, Ohio #239 apparently with a home of his own.

#### Notes

Rev. Andrew Hollopeter was a minister with the Methodist Episcopal Church for 50 years.

The age of his death on the tombstone is 84 years, 5 months, 28 days

From the History of Cedar Creek Township, Allen County, Indiana: Rev. Andrew Hollopeter was a native of Pennsylvania. At the time of this writing there was one daughter in DeKalb County, and 2 other brothers in Allen County. The writing was probably about 1875-1880.

Andrew and Catharine had seven children 4 of those were still living at above date.

Methodist Episcopal Church: The members of this denomination organized a class in 1845, under the ministerial offices of Rev. Dowd, and held meetings at Silver's Schoolhouse until 1851. In that year, they erected a log church on the farm of Wesley Hollopeter, and maintained services for several years. Finally, some of its members withdrew and organized churches nearer their homes. Mount Olivet Church and Robinson Chapel are its successors. Its membership was weakened by their withdrawal, and it soon ceased to be used as a church. In 1851 the Methodists organized at Hamilton, and held meeting at the house of Henry McEwen. Rev. Andrew Hollopeter was in charge of the circuit to which it was attached, and officiated as Pastor, holding meetings once a month.

(Hamilton is really Leo, not the Hamilton that is up further north at the present time).

*In 1851 the Methodist Episcopal Church erected a log church on the farm of Wesley Hollopeter and maintained services for several years. In 1857 they erected a small frame church at Hamilton in which they worshipped until 1878.*

*We find 2 Andrews listed in the 1830 (?) census of Seneca County, Jackson Twp., Ohio #239 apparently with separate homes. Our Rev. Andrew was not married until 1832 so he could have been listed separately because he was off to school, or perhaps this might even be the 1840 census. Will need more checking. Probably the one Andrew is the father of all the other boys. The father, Andrew, died in Seneca County, Ohio, as did two of the sons, Frederick, and Mathias. The 4 boys coming to Indiana were Rev. Andrew, Abraham, Wesley, and Isaiah, the younger one.*

*Land Contracts in Allen County, Indiana, in the name of Wesley Hollopeter:*

*W. Hollopeter Luphenie Haller 1864*  
*Wesley Hollopeter John Disler 1862*  
*Wesley Hollopeter Eliza Zimmerman 1858*

*1850 Census for Cedar Creek Township, Allen County, IN*

*Wesley Hollopeter 44 M Farmer PA born 1806*  
*Rosanna 47 F Ohio born 1803*  
*Elizabeth 18 F Ohio born 1832*  
*Andrew 17 M Laborer Ohio born 1833*  
*Enoch 10 M Ohio born 1840*  
*Emeline 5 F Ohio born 1845*

*In 1851 the Methodist Episcopal Church erected a log church on the farm of Wesley Hollopeter and maintained services there for many years. Finally some of the members withdrew and built churches nearer their homes. Mt. Olive and Robinson Chapel are its successors. They also organized at Hamilton (Leo). Rev. Andrew Hollopeter was in charge of the circuit to which it was attached, and officiated as pastor, holding meetings once a month.*

*Leo Cemetery inscriptions give his death, read as April 8, 1873.*

*Will add the story of sickness and death in the Hollopeter family around 1873 as it appears by the dates of death of members of the family. Buried with Wesley and Rosanna are Cary E., born 1872 and died in 1873. It would appear that some kind of disaster struck the area and at least the Hollopeter family in the yer 1873. Rosanna died in June of 1872 and that may have been just a case of "old age". But in the early part of 1873 things went awry for the family.*

*The family of Mathias Hollopeter, who was a nephew of Wesley lost 2 children, Ardella at 14, and Homer at 6 years within 2 days of one another. His wife Susan had died in late January of the same year. She was only 37. So in 3 weeks his family had lost 3 members. Then also a son of John and Mary died at 7 years of age and Lydia, wife of Abraham, probably the oldest of the Hollopeter settlers, died at the end of March. Then on April 8, Wesley, himself died at the age of 66 years. The 24th, his son Enoch, died at 32 years and then Cary, his daughter, dies at the age of 1 year.*

*We find Wesley listed on the 1830 (?) census of Seneca County, Jackson Twp, Ohio #239 apparently with a home of his own.*

### Notes

*Rev. Andrew Hollopeter was a minister with the Methodist Episcopal Church for 50 years.*

*The age of his death on the tombstone is 84 years, 5 months, 28 days*

*From the History of Cedar Creek Township, Allen County, Indiana: Rev. Andrew Hollopeter was a native of Pennsylvania. At the time of this writing there was one daughter in DeKalb County, and 2 other brothers in Allen County. The writing was probably about 1875-1880.*

*Andrew and Catharine had seven children, 4 of those were still living at above date.*

*Methodist Episcopal Church: The members of this denomination organized a class in 1845, under the ministerial offices of Rev. Dowd, and held meetings at Silver's Schoolhouse until 1851. In that year, they erected a log church on the farm of Wesley Hollopeter, and maintained services for several years. Finally, some of its members withdrew and organized churches nearer their homes. Mount Olivet Church and Robinson Chapel are its successors. Its membership was weakened by their withdrawal, and it soon ceased to be used as a church. In 1851 the Methodists organized at Hamilton, and held meeting at the house of Henry McEwen. Rev. Andrew Hollopeter was in charge of the circuit to which it was attached, and officiated as Pastor, holding meetings once a month.*

*(Hamilton is really Leo, not the Hamilton that is up further north at the present time).*

*Mary A. 14 F Ohio born 1836*

*James F. 9 M Ohio born 1841*

*Narcissa M. 5 F Ohio born 1845*

*Came to Indiana between 1845 and 1850 according to this report.*

*In 1851 the Methodist Episcopal Church erected a log church on the farm of Wesley Hollopeter and maintained services for several years. Finally, some its members withdrew to organize churches near to their homes. Mount Olive and Robinson Chapel were its successors. And in 1851 the Methodists organized at Hamilton (Leo). Rev. Andrew Hollopeter was in charge of the circuit to which it was attached and officiated as Pastor, holding meetings once a month. In 1857 they erected a small frame church at Hamilton in which they worshipped until 1878.*

*We find 2 Andrews listed in the 1830 (?) census of Seneca County, Jackson Twp., Ohio #239 apparently with separate homes. Our Rev. Andrew was not married until 1832 so he could have been listed separately because he was off to school, or perhaps this might*

could have been listed separately because he was off to school, or perhaps this might even be the 1840 census. Will need more checking. Probably the one Andrew is the father of all the other boys. The father, Andrew, died in Seneca County, Ohio, as did two of the sons, Frederick, and Mathias. The 4 boys coming to Indiana were Rev. Andrew, Abraham, Wesley, and Isaiah, the younger one.

**Medical****Notes**

William C. Hollopeter was in Company C, 88th or 98th Regiment of the Indiana Volunteer Infantry and was made a Captain during the Civil War.

From the History of Cedar Creek County: CAPT. WILLIAM C. HOLLOPETER is a son of Rev. Andrew Hollopeter, who was a native of Pennsylvania and a minister of the Gospel in the Methodist Episcopal Church for nearly fifty years. His mother's maiden name was Catherine Edmonds, Ohio being her native state.

William C. was the eldest of seven children, three yet living in Allen County and one, a sister, living in DeKalb County of this state. A brother, still living in this county, was a veteran soldier in the Eleventh Indiana Volunteer Infantry during the late war. The subject of our sketch was born in Wayne County, Ohio, August 24, 1833. In youth he had moderate opportunities, only, for acquiring an education. He improved well such opportunities, however, thus preparing himself to act a practicle part in life's dealings. His father, with family, removed from

however, thus preparing himself to act a practice part in life's dealings. His father, with family, removed from Ohio to this county in March 1847, making a choice of settling in Cedar Creek Township. Farming was their pursuit, and William C. continued with his parents, aiding at this vocation, until the summer of 1854 when he became of age.

For a period forward from that time, in the struggle for self-maintenance, he directed his energies alternately at teaching a district school during the winters and at farming during the summers. He was joined in marriage, May 18, 1858 with Miss Cynthia A. Moore, of Allen County. She was a native of Delaware County, Indiana, born April 22, 1839. Seven children have been the fruits of this marriage, six of them still living viz: Milton R. (deceased), Charles McPherson, Ophelia May, Walter M.M., Ellen Gertrude, Rosa Belle and Herbert Salon.

A patriot to his country, on August 28, 1862, to help maintain the Stars and Stripes, he enlisted as a private soldier in Company C, 88th Regiment Indiana Volunteer Infantry. At the organization of the company, he was appointed Corporal, on February 18, 1863 he was advanced to First Lieutenant of his company, and on October 24, following, was commissioned as Captain. He was with his company and regiment during their entire service, the same being attached to the Army of the Cumberland. He was in seventeen distinct engagements and received two severe wounds; fought under Generals Rosecranz and Thomas, and participated in Sherman's march to the sea. Remaining in the service til after the surrender, until the old flag was again unfurled to every state and every people of our broad Union (without dispute). Captain Hollopeter received his discharge at Washington D.C., June 7, 1865. Following his discharge, he immediately returned to the bosom of his family and to the quiet avocations of civil life in Cedar Creek Township. Religiously he has been an exemplary member of the Methodist Episcopal Church since the age of 16 and his estimable wife since a young girl of nine years. Has ever been a staunch friend of temperance. In politics, a firm Republican, yet not an aspirant for political honors. For the past fifteen years has belonged to the Order of A. F. & A.M. He is an industrious, good citizen, one whose influence for the right is ever felt. Is an ever willing advocate and supporter of that which elevates while he is just as ready and anxious to repudiate and defeat that which debases. Within the large circle of his acquaintance he is universally esteemed.

**Child:** Mary A. Hollopeter

Born: 1836  
in: Ohio

Relationship with Father: Andrew Hollopeter - Natural  
Relationship with Mother: Catharine Edmunds - Natural

**Medical****Notes**

Probably married Rev. David Bender or David Cender. What we have on this Mary was that she was born in 1836, wife of David, who was born 1836 and died 1912. He served in the Civil War, Ohio Co., C, 136th Infantry.

The other possibility was a Mary A. Rhodenbaugh, born August 22, 1836, wife of Gilbert Rhodenbaugh, of Summit County, Ohio, born September 24, 1834 and died April 8, 1891. Do not have a death date on either of these Mary's.

~~Since both were from Ohio either would be suited as husband.~~

## HOLLOPETER 1905 PICTURE ID

Date on this photo was determined by the age of Otis Fitch who was born December 1904.....so the assumption is that this was the summer of 1905. Otis was a big baby and would have been about 7 to 9 months old probably at this time.

In 1905 the family would have included:

William C. Hollopeter, aged about 72  
Cynthia (Moore) Hollopeter, aged about 66  
Charles Hollopeter, aged about 43  
Walter Hollopeter, aged about 37  
Ophelia Hollopeter Carnahan , aged about 39  
Ellen Hollopeter Carnahan, aged about 33  
Belle Hollopeter Fitch, aged about 31  
Herbert Hollopeter, aged about 27  
Lloyd Hollopeter, aged about 25  
Grace Hollopeter, aged about 22

From the above family of William C. and Cynthia it appears that the children present, with their families were:

Ophelia Carnahan, Ellen Carnahan, Belle Fitch, Herbert, Lloyd, Grace,  
the youngest of the Wm. C. family.  
Probably Charles and Walter were elsewhere this day.

Approximate ages in ( )

Back Row:

Hugh Carnahan (14), Paul Carnahan (7-8), William C. Hollopeter (72)

Herbert Hollopeter (27), Lloyd Hollopeter (25), William Carnahan with wife, Ophelia (39) slightly in front of William.....Ellen (33), Eben Carnahan holding child (2).

Next to Eben and slightly behind would be Grace Hollopeter (22) and next to her the mother, Cynthia Hollopeter (66)

Next would be Belle Fitch (31) and John Fitch holding Otis who would be less than a year old.

Children in front would be Jessie Carnahan (4), Nellie Carnahan (6), Grace Fitch (6) and Maurice Fitch (4)

Hugh and Paul were sons of Ophelia and William Carnahan

Jessie, Nellie, and child would be children of Ellen and Eben Carnahan  
Otis, Grace, and Maurice are the children of RosaBelle and John Fitch

Grace Hollopeter was unmarried, and cannot be sure which was Herbert and which was Lloyd. Photo probably taken in front of the Hollopeter house which still stands on Hollopeter Road in Cedar Creek Township and can be seen from highway 427 on your way to Auburn.

#### Notes

*William C. Hollopeter was in Company C, 88th or 98th Regiment of the Indiana Volunteer Infantry and was made a Captain during the Civil War.*

*From the History of Cedar Creek County: CAPT. WILLIAM C. HOLLOPETER is a son of Rev. Andrew Hollopeter, who was a native of Pennsylvania and a minister of the Gospel in the Methodist Episcopal Church for nearly fifty years. His mother's maiden name was Catherine Edmonds, Ohio being her native state.*

*William C. was the eldest of seven children, three yet living in Allen County and one, a sister, living in DeKalb County of this state. A brother, still living in this county, was a veteran soldier in the Eleventh Indiana Volunteer Infantry during the late war. The subject of our sketch was born in Wayne County, Ohio, August 24, 1833. In youth he had moderate opportunities, only, for acquiring an education. He improved well such opportunities, however, thus preparing himself to act a practicle part in life's dealings. His father, with family, removed from Ohio to this county in March 1847, making a choice of settling in Cedar Creek Township. Farming was their pursuit, and William C. continued with his parents, aiding at this vocation, until the summer of 1854 when he became of age.*

*For a period forward from that time, in the struggle for self-maintenance, he directed his energies alternately at teaching a district school during the winters and at farming during the summers. He was joined in marriage, May 18, 1858 with Miss Cynthia A. Moore, of Allen County. She was a native of Delaware County, Indiana, born April 22, 1839. Seven children have been the fruits of this marriage, six of them still living viz: Milton R. (deceased), Charles McPherson, Ophelia May, Walter M.M., Ellen Gertrude, Rosa Belle and Herbert Salon.*

*A patriot to his country, on August 28, 1862, to help maintain the Stars and Stripes, he enlisted as a private soldier in Company C, 88th Regiment Indiana Volunteer Infantry. At the organization of the company, he was appointed Corporal, on February 18, 1863 he was advanced to First Lieutenant of his company, and on October 24, following, was commissioned as Captain. He was with his company and regiment during their entire service, the same being attached to the Army of the Cumberland. He was in seventeen distinct engagements and received two severe wounds; fought under Generals Rosecranz and Thomas, and participated in Sherman's march to the sea. Remaining in the service til after the surrender, until the old flag was again unfurled to every state and every people of our broad Union (without dispute). Captain Hollopeter received his discharge at Washington D.C., June 7, 1865. Following his discharge, he immediately returned to the bosom of his family and to the quiet avocations of civil life in Cedar Creek Township. Religiously he has been an exemplary member of the Methodist Episcopal Church since the age of 16 and his estimable wife since a young girl of nine years. Has ever been a stanch friend of temperance. In politics, a firm Republican, yet not an aspirant for political honors. For the past fifteen years has belonged to the Order of A. F. & A.M. He is an industrious, good citizen, one whose influence for the right is ever felt. Is an ever willing advocate and supporter of that which elevates while he is just as ready and anxious to repudiate and defeat that which debases. Within the large circle of his acquaintance he is universally esteemed.*

### Notes

Belle was really Rosa Belle Hollopeter, daughter of William Hollopeter and she was raised in Cedar Creek Township on a farm just across the township line which was and is 427. Her grand father was a Methodist minister. Belle had several brothers and sisters and many, many cousins and aunts and uncles in the area as several of the Hollopeter boys came to Indiana together and set up their homes here.

At some time in her life and no one can tell me when it was except it was before they were married Belle had polio and it left her with one leg shorter than the other. Seems it never stopped her from doing anything. The question had been asked, "why did John Fitch marry a cripple?" so we know she was that way before she was married to John. Probably because he loved her! Dumb question!!

Belle was a teacher and she worked with John's assessor's records too. Probably quite an intelligent lady. One of the recipes we have is of Belle's "crumb pie". Here it is:

Take 2 cups of flour 1 cup of sugar  
1/2 teaspoon of soda cinnamon and cloves to taste  
1/2 cut of shortning 1/4 teaspoon salt

Mix this to form crumbs and press a crust into a pie pan saving some of the crumbs to put on top.

Mix 1/2 cup molasses with 1/2 cup hot water and pour into the crust. Then add the rest of the crumbs on top and sprinkle with a little more cinnamon. Bake at about 350 until the center is set and the edges brown a little. No time was given but probably about 45 minutes. If the edge starts getting too brown, take it out. The center will be somewhat gooey when you eat it. Warm and with ice cream is best!

One of the schools that Belle taught in was School # 4 which was on Road 68 across from the Kelham home. It has been said that she stayed with the Kelhams while teaching there. This was probably in the 1890's before the marriage of Belle and John.

We have a teacher's certificate that says:

Certificate of Membership, in, DeKalb County Teachers' Association  
Waterloo, Ind. .... November 27, 1897

This is to certify that Belle Hollopeter is an Active member of this Association.

## Obituary of Belle Fitch:

## HEART ATTACK BLAMED FOR DEATH OF MRS. BELLE FITCH

Final rites were held Sunday at 2 pm at the Cedar Chapel Methodist Church, southeast of Garrett, for Mrs. Belle Fitch, 78 who resided just south of the DeKalb-Allen County line on U.S. Highway 27. Rev. Everett McLeland officiated and burial followed in the church cemetery. The body was at the Zimmerman Funeral Home in Garrett until noon Sunday, when it was removed to the church to lie in state until the services.

Mrs. Fitch, who lived alone, had been in fair health. Thursday morning at 8 o'clock, Cecil Myers, the tenant farmer who lives nearby, went to see if Mrs. Fitch was all right. He was unable to gain entrance to the house or arouse anyone. He summoned a cousin, Miss Gladys Fitch, who lives nearby, and together with his wife and daughter, Marilyn, they returned to Mrs. Fitch's home. They cut a hole in the screen and Marilyn crawled through and unlocked the door. They found Mrs. Fitch dead in bed, a victim of a heart attack.

Mrs. Fitch was born May 19, 1874, a daughter of the late Mr. and Mrs. William Hollopeter. She was a life-long resident of Allen County and when a young lady taught in the DeKalb and Allen County schools. She and John Fitch were married March 17, 1898, and he died in February 1947. Surviving are two sons, Otis Fitch of southwest of Garrett, and Maurice Fitch of Hometown; one daughter, Mrs. Charles Caple of Cromwell; one sister, Mrs. Grace Rundles of Hudson; seven grandchildren. Mrs. Harry Wert and Mrs. A.G. Houser of Garrett were cousins of the deceased woman. (Actually they were cousins-in-law)

Mrs. Fitch was a member of the Cedar Chapel Methodist Church, Woman's Society of Christian Service, Ladies Aid and was a teacher for many years of the Adult Sunday School class.

*I have a note about Bert "Uncle Bert" that he married 2nd Hettie, November 12, 1884 to June 1, 1967. Also that there was a child, Hazel I. Barber, born February 8, 1901 to August 2, 1939. If so she would have to be of the first wife Martha J. Need more checking.*

*Probably married Rev. David Bender or David Cender. What we have on this Mary was that she was born in 1836, wife of David, who was born 1836 and died 1912. He served in the Civil War, Ohio Co., C, 136th Infantry.*

*The other possibility was a Mary A. Rhodenbaugh, born August 22, 1836, wife of Gilbert Rhodenbaugh, of Summitt County, Ohio, born September 24, 1834 and died April 8, 1891. Do not have a death date on either of these Mary's.*

*Since both were from Ohio either would be suited as husband.*

It is listed that Almira was aged 35 years, 6 months and 1 day on her tombstone in Union Chapel Cemetery, Perry Township, Allen County, Indiana. In the same cemetery is her son, Theodore, who died on July 30, 1877 at the age of 1 year, 3 months, and 29 days. Almira died on September 13, 1877, just a month and a half after the loss of her son. We believe her husband was James F. Hollopeter, the brother of William C. Hollopeter. Still have to find out what then happened to James.

He is not buried there so probably got married again. Was still alive at writing of Cedar Cr. History

March 13, 1999

Dear Jan,

Thanks for the info you sent on the Andrew Hollopeter, Jr. family. Enclosed is my check for \$15 for a copy of your book THE HOLLOPETER BROTHERS AND THEIR EDMONDS WIVES OF FOSTORIA, OHIO.

I am just beginning to research this branch of the family, so I don't have much info. What I do have is mostly from The Hollopeter Family Record, co-authored by Eva Ridenour and Wanda Burris. I obtained a copy of key parts of this book from Dawnette Thompson of Glendora, CA. She also referred me to you.

I am enclosing also a Family Group Record for Andrew, Jr.'s son, William Curtis Hollopeter, my great-great grandfather. I have highlighted new or corrected information. Also enclosed are Family Group Records for his daughters Ophelia and Ellen Gertrude. They each married Carnahan (note spelling) brothers and I have gathered some research on these families already.

Now that I am adding the Edmonds and Warner families to my family tree I am very interested in learning what you have on them also. Please send me that info and I'll forward to you what I can learn from Indiana as I research Andrew, Jr.'s descendants.

Sincerely,

Ralph O. Diehl

## FAMILY NOTES

---

---

### HUSBAND NOTES: William John CARNAHAN

---

**Illness:** Both W. J. and his 2-years old son, Hugh, had the measles at the same time. "W. J. suffered a relapse from which he never fully recovered." remembered his son, Hugh. "From a picture of health, six feet in his socks and weighing around 200 pounds, he shrank in weight and bowed down as rheumatism was added to his affliction."

**Death:** In his later years he suffered from stomach ulcers and later cancer, which killed him.

**Occupation:** "W. J. grew up on his father's farm, attended the district school and learned the rudiments of several trades." reported Hugh L. Carnahan in his history of the Carnahan family. "For several years he followed the carpenter's trade in the country around his home, acting as a contractor most of the time. He was a fair blacksmith, repairing much of the machinery used on the farm. In the winter he repaired the shoes of the family. His interest in things mechanical led him to build a telephone line from his home to that of the nearest neighbor."

**Residence:** This farm was located in the south half of the northwest quarter of Sec. 36, 7 1/2 miles southwest of Auburn, IN. He later purchased this farm and lived here until his death. "Only about a third of his farm had been cleared when he moved on it and the rest had to be cleared and fenced," recounted his son, Hugh, in his history of the Carnahan family. "A large portion of this woodland was the swamp bottom of an old beaver pond. It was muck with peat moss below it, that could be cut with a spade like turf in Ireland. All of this had to be ditched and tile put in to drain the low places. Through the back part of the place ran the divide between the St. Joe River and Cedar Creek. It was so situated that it drained into the watersheds of three county ditches. Life was just one ditch after another." He continued, "As he became too feeble to handle the farming operations, he rented out his fields and devoted his time to his bees, chickens and turkeys."

**Misc:** He kept a small but well assorted library. He served one term as township trustee and one as township assessor, as well as superintendant of construction on several county ditches.

**General:** Found John W. & Ophelia in 1920 census of DeKalb Co., living on a farm in Butler Twp.. Found W. J.'s obit in The Evening Star dated 23 Apr 1934.

**FAMILY NOTES**

---

**Marriage:** Ebben was brother of W. J. Carnahan, who married Ophelia Hollopeter, sister to Gertrude.

---

---

**HUSBAND NOTES: Ebben Thomas CARNAHAN**

---

**Residence:** This was the farm that his father had developed. Ebben was the only remaining child to stay in this area and worked the farm for his father. He lived here all his life. "The care of his parents and the affairs of the home farm did not occupy all of his time," writes Hugh L. Carnahan in his history of the Carnahan family, "for he purchased the 80-acre farm south of W. J. Carnahan, and after selling this purchased the like tract of land to the north of his brother. On the death of his parents he purchased the home farm from the other heirs."

**Burial:** Hugh L. Carnahan says he is buried in the Mausoleum at Woodlawn Cemetery, Auburn, IN.

**Occupation:** He taught at Auburn in 1899/1900. He was a Census Enumerator for Jackson Twp. in the 1900 Census. He ran for Constable, as a Republican, in the 1900 election (results unknown).

**Description:** "This mustache was also the mark of his brothers, W. J. and Jim, as well as several of his cousins. To my knowledge," remembered Hugh L. Carnahan, "it was worn by Milt, son of Bailey D., Marion, son of William John, and Abner, son of Wilson S....He read widely, was interested in all the local affairs and developments in farming. He always enjoyed hunting and knew the hills and woods around his home as well as their owners did."

**Misc:** According to his cousin, Hugh Carnahan in his Carnahan family history, "Before television, radio, or the wheezy phonograph, winter evenings were long and dull. Anyone who could enliven a country gathering with a few old dance tunes was a welcome addition to the party. No one ever made a fortune at it, but they did get a lot of fun out of playing for these affairs which were not always approved by the good pillars of the church." He probably learned to play from his Uncle Wilson Carnahan.

**General:** Found Eben & Gertrude in the 1920 DeKalb Co. Census living on a farm in Jackson Twp..

**WIFE NOTES: Ellen Gertrude HOLLOPETER**

---

**Death:** The cause of death was "a broken hip and complications," reports her obituary. "Last Jan. 23, she suffered a fractured hip in a fall and was taken to the Lutheran hospital at Fort Wayne, where she was a patient for eight weeks. After release from the hospital, she was taken to the home of her daughter. She had suffered for the past several months with a heart ailment."

William H. Hollopeter, married Angeline Bishop, and the Bishops owned the property that the Coles lived on on the Puff Road, across from where my folks built their new house in the 1940's. The Bishops gave this farm to their daughter Angeline and I have a picture of the house as it was when the Coles lived there. It probably hadn't changed much as they still had no electricity in the 1940's and the house even then, looked very old. Also have a portion of the abstract of the land that Gordon Cole sent to me when I did not know which William Hollopeter lived there.

**Medical****Notes**

What we know about this couple, William and Angeline, was that she was a Bishop. This land was the "old Cole" farm that they resided on. (On the Puff Road across from the Brown place, that my mon and dad built in the 1940's)

Information from the abstract of the land, given to me by Gordon Cole:

William and Angeline were married May 27, 1870. She apparently had two other sisters that came in line for this property also. Harriet M. Bishop, who married Hiram Hursh, May 22, 1876, and Kate Bishop, who married John Myers, June 8, 1882, and probably Mary Bishop who was not married at the time of the written abstract as she was called Marie C. Bishop.

Looks like the mother, called widow, was Elizabeth Bishop, and the father was John Bishop. Perhaps Kate and Mary and Marie were all the same person.

The agreement was acknowledged by Mathias Hollopeter, Justice of the Peace. Mathias lived until 1898. Some of the land was conveyed to Elizabeth Bishop, single, and then on to Ermina Bishop, who apparently married Elmer Hollopeter. Not sure of the connection here at this time. Anyway in 1903 William and Angelina, and Elmer and Ermina sold for \$3300 to Elmore W. Parker and Mary D. Parker. New notary public as Mathias Hollopeter is dead. After Elmore Parker died, still in 1903, his wife Mary chose William Hollopeter as an appraiser and called him a disinterested party, so must not have been any relative. The land of the "old Cole farm" went from Mrs. Parker, to Simon Gallaway and his wife, Nellie Gallaway.

The only Elmer Hollopeter I have found so far is Elmer who appears to be the son of Isaiah and Sarah, 1869 to 1909. If so then he would be a brother of William and a brother-in-law to Angelina. Apparently Elmer died in 1909 so would fit into this category.

**THE BISHOP FAMILY:** The Bishop family is also buried in the Leo Cemetery where most of the Hollopeters are. JOHN BISHOP died August 18, 1863, at the age of 36 years, 10 months, 10 days so would have made his birth date around 1826/27. ELIZABETH, his wife, born 1832, died 1923 at the age of 91 years. There was a daughter named SARAH, probably BENJAMIN, another UNNAMED with dates hard to read but looking like they might have died quite young. Possibly another is STEVEN. They could have been married about 1850 as Angeline was born 1854. HARRIET MINERVA BISHOP, born 1855, died January 12, 1930. HIRAM J. HURSH, her husband, born 1849, died October 1, 1927. MARY C. BISHOP, born 1859, died March 15, 1943. She was

*her husband, born 1849, died October 1, 1927. MARY C. BISHOP, born 1859, died March 15, 1943. She was also called Kate, so her middle name may have been Catherine. And in one place she was called Marie C. JOHN MYERS, her husband, was born in 1859, and died August 18, 1945.*

## HARLAN MEMORIAL CEMETERY

Range 14 East, Township 32 North, Section 33.

Located .2 mile South of S.R. 37 (Maysville Road) on the East side of Roberts Road, on the Southwest edge of Harlan.

C.F. Swift, A.M. Reichelderfer and Thomas Hood of the Maysville Cemetery Association purchased land on June 17, 1893. Some of the stone inscriptions may give earlier dates of death. According to the E.C. Carrington funeral home records, some bodies were exhumed from the Old Harlan Cemetery and reinterred in this cemetery.

Some time along the way with the name of the town being known as Harlan instead of Maysville, the name of the cemetery and the cemetery association also changed.

There were no stones located for the following persons, but the E.C. Carrington funeral home records listed the deaths. The funeral home records should be checked for entries after 1900, and for entries not indicating burial in the new cemetery.

## C. H. Hollopeter-Indiana

Posted by: [G. Argo](#)

I have a single photo of a Mr. C. H. Hollopeter taken in Auburn, Indiana by a photographer named Rice. Handwriting on back reads "C. H. Hollopeter - Taylor University - Ft. Wayne, Ind." I know nothing about him or his family but would be willing to scan the photo for interested descendants. The photo was probably taken from 1890-1900.

Betty - Sorry to be so long in getting back to you...husband in hospital. I will now try sending this photo to both you and your son. The photo was in an old box left behind when a neighbor died in the early fifties. She never married. The family came from Wells County to Oklahoma Territory about 1906. Her mother probably went to Marion Normal School because she became a teacher and married in 1901. The mother had lots of photos of her school "chums."

Hi Glenda,

Thanks so much for the Hollopeter photo. It certainly looks like "Uncle Charley" but cannot be sure. I will have to go to Auburn (which is just 6 miles from us) and check on when the Rice Studio was in business. In my family picture Charlie has a mustache and is a little older. But the eyes have it. Many of the Hollopeters of Warren's grandmother's family have that kind of eyes including his grandmother. He is a handsome young man. I will also check the Taylor University office here in Fort Wayne to see if they can tell me how to go about finding out the graduates of Taylor and when they graduated. Taylor was at Upland, Indiana, for most of the time, but has now purchased the Christian Campus here in Fort Wayne and is now called Taylor. So should be able to find out who to write to or call from them. At least I hope so.

I received the photo without difficulty and was able to print it off. My son did also and he has software to blow up and crop so he also produced a good clear copy plus one that was cropped to be just the face and enlarged. Did you receive a lot of requests for the photo??

Interesting that this might be a school chum of a Marion lady, but suppose since he went to Taylor it could be a college chum. Since the photo is from Auburn I would guess that is his home base though. If I make a positive identification I will let you know or if someone else does, you might let me know. Thanks again.

Betty Fitch

P.S. We do live in the area where the Hollopeters settled about 1850 and some are still here. They worked their way across the country from PA to Ohio to IN. Most of my husbands ancestors were first settlers in this area (Allen and DeKalb Co., IN) and he also grew up here and we are still living about 2 miles from the Hollopeter Road. And about 4 miles from the Fitch Road also named for his ancestors.

Dear Glenda,

Just a little more information on the fellow in the picture. It is very possible that it is not my husband's "Uncle Charley" but a fellow called Clarence Harvey Hollopeter and would be like a 2nd cousin to Charley. Clarence Henry Hollopeter was born about 1871 making him more the age to be graduating in the 1890s. However, still have not checked to see when the Rice studio was in business. Anyway Clarence was the son of John Wesley Hollopeter, son of Abraham Hollopeter who was the oldest son of Andrew Hollopeter and Phebe Blatchford. Andrew Hollopeter's children were the main ones that came to Indiana and settled near the Auburn and Fort Wayne area.

Clarence Harvey Hollopeter is the only other one I have found in the family that might fit into the category of possible C.H. Hollopeters. Since his Grandfather Abraham and father John Wesley both settled here and are buried here he would have been near the Auburn area.

Yes, should any other folks contact you about the photo you may give them my e-mail address. I would be glad to hear from any Hollopeters as though the family is fairly large, I believe all the US Hollopeters are from the same family. You won't find any in old census records except this family.

Thanks again for all your trouble.

Betty Fitch

Mrs Fitch,

Sorry for taking so long to get back with you, have been trying to get info my brother collected some time ago. Tommy passed away 33 years ago + his wife has remarried + I was not able to get the tree he put together. My fathers name is Enos C. + he had five brothers + five sisters. My grandfathers name is David + he lived in the Madison + Delaware County all his life. My Aunts + Uncles were Albert + Myron, Glenn, Harold + Claude, Helen, Gladys, Dana, Janita, Harriet. The only living are Aunt Helen, Janita + Dana. My dad was in the middle, five older brothers + five younger sisters. This probably won't be much help + you sure don't owe me for the stamp I let run out. Ha Ha

Hello,

My name is Betty Fitch and I am working on the Moore genealogy for my husband's line of ancestors. Just wondering if anyone in your household had any information or was interested in knowing your pioneer ancestors. Or if not, do you know anyone in your family who is interested.

My husband's great grandmother was Cynthia A. Moore and was the daughter of Phillip Moore and Sarah McCall. We have a lot of Moore genealogy, but are not positive just who were the parents of Phillip Moore or just where he and Sarah died. We do know that they lived in Delaware Co., IN, and Cynthia was born there and we know of John Moore who came to Muncie with his family. He died in 1840 and left several children, one who was named Phillip. Our problem is to connect our Moore family of Phillip and Sarah to this John if at all possible. Then it would be easy to go further back as there is much in Scioto Co., Ohio, on this Moore family.

Cynthia's parents were named on her death certificate so we are sure they were Phillip Moore and Sarah McCall. Cynthia married William Hollopeter in Allen Co., IN and lived here all their lives.

If any of this rings a bell for you or if you have done some work on finding your ancestors we would like to match information. I know the Moore name is common but since you live in the right area, and your name was Phillip I thought you might be a good place to start.

My husband's family line is as follows:

Warren Fitch

Parents are: Otis Fitch and Esther Doll

Parents are: John Fitch and Rosa Belle Hollopeter

Parents are: William Hollopeter and Cynthia Moore

Parents are: Phillip Moore and Sarah McCall of Delaware Co., IN

My address is: Betty Fitch, 14615 Auburn Rd., Fort Wayne, IN 46845  
e-mail: [wfitch5413@aol.com](mailto:wfitch5413@aol.com) If you use e-mail, please use Moore as the subject

Thanks so much for your time. I would like to hear from you about your part of the Moore family, but if you have no interest is there another in the family that does? Would appreciate their name and address. Thanks again.

Betty Fitch

On p. 349 of History of the Upper Maumee River Valley (1889), we find the following biographical sketch:

"Jacob Stevick, a native of Pennsylvania, was born in Cumberland county, November 7, 1824, son of Jacob and Sarah Stevick. There he grew up and received his education, and in 1859 he came to Indiana and settled where he now lives. In 1846 he was united in marriage to Hannah Snoke, who died April 25, 1853, at the age of twenty-seven, leaving two children, Mary and Jemima. In 1854 he was married to Catharine North, by whom he had two children, one, Lavinia, now living, but this wife died in 1863, aged twenty-eight years. In 1865 he was married to Elizabeth North. Their two children are deceased. He and wife are members of the Methodist Episcopal church. Seven years after settling where he now lives he removed to Newville, Wells county, and engaged in conducting a flouring-mill for five years, and was afterward for seven years in the same business at Wolf Lake, Noble county. Since then he has remained upon his fertile and well improved farm of eighty acres in Cedar Creek township [Allen Co., IN]."

was the daughter of Jacob Stevick and Mary Snoke. I believe her mother's first name was listed incorrectly and should have been "Hannah."

Karin King - Mar 30, 2005 (Roop site)

Was in contact with Dawnette and she is from this line.

She writes:

"Ah, you've found the Stevick/Hollopeter family "grapevine" (not a tree! <grin>)! Here is what I have to date--to the best of my knowledge:

Jacob Stevick (1824-1895), one of my ancestors, md.:

(1) 1847: Hannah Snoke (ca. 1826/1829 - 1853)

(2) 1854: Catherine A. North (ca. 1826/1835-1862)

(3) 1863: Elizabeth North (1826-1895)

By wife #1, Hannah Snoke, Jacob had daughters Mary

Ellen Stevick (1847-1933) and Jemima Stevick (1849-

1933). Mary Ellen Stevick married 2 Hollopeters: (1)

Enoch L. Hollopeter (ca. 1840-1873), son of Wesley

Rosanna (Edmonds) Hollopeter and (2) Matthias

Hollopeter (1833-1898), son of Abraham and Lydia

(Myers) Hollopeter.

Matthias and Mary Ellen (Stevick) Hollopeter's daughter,

Mabel Iva Hollopeter (1885-1975) md. (1) Clyde

McCrary (1878-1923) and (2) William Charles (a.k.a.

Charles William) Stevick (1873-1940).

Lavinia Stevick (1861 - ?) was the daughter of Jacob

Stevick (above) and wife #2, Catherine A. North. She

married William M. McCrary (b. 1860) in 1886.

Jemima Hannah Stevick (above), daughter of Jacob

Stevick and Hannah Snoke, married Israel Hollopeter

(1840-1916) in 1865."

This may well be Clarence Harvey Hollopeter. He was born in 1871, and died in 1919. The time frame for graduation from Taylor U. would be about right for 1890-1900. I also have several photos taken by Rice on my family who lived in Auburn from about 1850 to present. If it is Clarence Harvey Hollopeter, he would be the youngest son of John Wesley Hollopeter and Mary Kaziah Zimmerman. The lineage of this line can be found in the Hollopeter Family Record, by Burris and Ridenour.
